Vicky - Thank you. Let's make sure we loop back with WVDHHR/WVAWC to get more information. Particularly interested in how they ultimately implemented the sampling. Also, can we pull off the website the guidance for customers to ensure we understand and have no real problems.

Subject: WV DW

Governor's press conf just concluded, gave clearance to zone 1 (nearest plant): lifted restrictions, customers can use after flushing plumbing. Explicit instructions for flushing on Gov's website, WV American & WV DHHR websites. This zone covers downtown Charleston & includes hospitals; hope balance of Charleston area may be cleared by end of day or soon after (that would be about/> 50% of customers. Call center is active for additional questions.
